WEST OREGON ELECTRIC COOPERATIVE, INC.

NET METERING RATE - SCHEDULE NO. 9

Availability:

Applicable to service to members who own and operate a net-metering generating facility.

Character of Service:

Single-phase and three-phase, sixty hertz, alternating current.

Monthly Charges:

Facility Charge: See applicable rate schedule for service type

Administrative Charge: $10.00

Energy Charge (supplied by Cooperative): See applicable rate schedule for service type

Energy Credit (supplied by Member): Based upon the cost of wholesale electric power

Minimum Bill:

Same as Facility Charge.

Delivery Point:

1. The point of attachment shall be that point of the consumer's premises nearest the applicable service facilities as determined by West Oregon Electric Cooperative, Inc.

2. Separate points of delivery to the same consumer shall be separately metered and billed.

Terms of Payment:

Members in this rate schedule shall sign a “Net Metering Agreement” with the Cooperative. Generally, the foregoing rates are net and are due and payable on or before the 10th of the month following the mailing date of the bill. Failure to receive a bill shall not release the consumer from liability of payment.

Account credits may be paid monthly by the Cooperative on or before the 10th of the month following the date of the bill or accrued for a 12-month period ending in March and refunded directly to the member.

General Terms and Conditions:

Service under this classification is also subject to the "Service Rules and Regulations" of the Cooperative.

Energy credit rate shall reflect the Cooperative’s avoided average wholesale energy/demand costs. This rate shall be reviewed annually on or before March 1. Members in this rate schedule shall
be notified of any changes to the rate thirty (30) days prior to implementation.

**Effective:**

On bills issued after August 1, 2018.
