Availability:

Available to all commercial consumers.

A small commercial service is defined as the supply of electric service to businesses, public building, etc., for all commercial lighting and/or power purposes including lodges, churches, parlors, stores, shops, gas stations, and restaurants, etc.

A commercial consumer is any person seeking electrical service for a property to be used in whole or part for a business and not a property to be occupied by the owner solely as his or her residence or a property to be used as a single family dwelling unit.

Character of Service:

2. Three-phase, sixty hertz, alternating current at a nominal 120/208 volts, 240/480 volts or 277/480 volts when available from existing facilities with installed transformer capacity of 45 KVA or less.

Monthly Charges:

Base Charge: $50.00

Energy Charge:
